

Improve travel for visitors to your Hotel

WESTTRANS are offering a **FREE** online journey planning tool for all west London hotels

WHY A JOURNEY PLANNING TOOL?

The tool highlights different local travel options for your hotel visitors with ease in order to encourage **more sustainable travel behavior**. This can help improve local air quality, address parking pressures and reduce the environmental footprint of your hotel operations.

A BESPOKE TRAVEL INFORMATION SERVICE

To support the journey planning tool, WestTrans can also:

- Review the current travel information on your website
- Upload the journey planner for you
- Provide staff email signatures with links to your new travel information pages
- Provide bespoke maps for your reception
- Brief staff on how to help visitors plan their journeys

GRANT FUNDING FOR INNOVATIVE MEASURES

Additional funding is available for innovative measures that will further improve the sustainable travel options for visitors to your hotel. This could include a cycle action plan, cycle facility improvements, cycle and oyster card loan trials, a bike mechanic and cycle training sessions.
